

JENCO is a high quality LED lighting manufacturer and solution provider. JENCO is a group of innovative people who own the same vision that is dedicated to providing energy-saving environmental friendly LED lighting products to our world-wide customers. Out of over 20 large LED producers, there are hundreds of small ones most of them producing wide range of different LED products. This makes buying LED technology difficult since the variation in quality, performance, lifespan and price can be significant. JENCO CANADA is the one who has the technological know-how. Meanwhile grasps the vision of her customers. JENCO CANADA can be trusted to produce what you want, when you want and how you want.

Workshop:

Constant Voltage 12V 24V LED driver:

1. 100-240V/ 277V AC, 12V/ 24V DC, 30W, 60W, 100W, 150W, 200W, aluminum housing, waterproof IP67, eff> 88%
2. CE, RoHS and UL certified, 3-year warranty.
3. CV series for North American market, TECV series for Euro market. (Input 2/ 3-core US plug/ UK plug/ EU plug available)
4. With over current protection, short circuit protection and over voltage protections.
5. Used for LED strip light, LED modules, panel light, wall washer and inground light etc.

Specifications:

Picture	Item No.	Input Voltage	Output	Power	Size(mm)	Shell	Efficiency	IP	Package & Weight
	TECV1203	100-240V AC	12V DC	30W	176*37*25	Aluminum	>84%	67	30pcs/ Ctn, 11kg/ Ctn Ctn size 392*215*195 mm
	TECV2403		24V DC						
	TECV1206		12V DC	60W	216*42*30				25pcs/ Ctn, 14kg/ Ctn Ctn size 350*240*215 mm
